

One platform. Unlimited possibilities.

Tribute Websites are built specifically for funeral homes, optimized for search, designed for families, and built to represent your brand at its best.

Your obituary pages are the first impression for 80% of families. Make them count.

KEY FEATURES

- SEO-optimized obituary and web pages
- Customizable to match your brand identity
- Mobile-friendly and fast-loading
- Family-facing tools: guestbooks, flowers, memorial trees, and more
- Built-in social sharing to extend reach organically

Run your funeral home. Not your software.

Funeral directors shouldn't have to wrestle with clunky technology. Tribute Management Software is purpose-built for how funeral homes actually operate, from first call to final arrangements. Less time on admin.

More time serving families.

KEY FEATURES

- Case management from first call through aftercare
- Staff scheduling and task management
- Family communication tools built in
- Seamless integration with Tribute Websites
- Reporting and analytics tailored to funeral home operations

Marketing done for you, by people who know you.

Most agencies don't understand funeral service. Tribute does. Our team handles your online presence so you can focus on what you do best.

And we do it for less than what most funeral homes are spending today.

KEY FEATURES

- Social media management
- Search visibility and local SEO
- Online reputation management and review monitoring
- Paid digital campaigns (where applicable)
